Multiple issues abound with the situation between the area of Lowe's & Dole Cannery.

Written
Testimony

Associates & Customers are afraid to walk through the area to the bus stop. Constant cleaning of the area identifies needles, feces, urine over the sidewalk and our property. Drug use is rampant as are drug deals being made in front of us. Stolen items are littered over the area consisting of bikes and mopeds. Some of the residentially challenged also have been trespassed for coming in and stealing or stealing from the perimeter of our property.
